For those wanting separate and spacious living areas without long flights of stairs, be sure to check out this 5 bedroom, 3 bathroom, 4 level split home! Large, west facing living room features laminate flooring with corner dining room and massive kitchen (will need some TLC but has so much potential with all the cupboards and space!). Upstairs features a main bathroom, 3 bedrooms including the primary with 2 pc ensuite. Down the stairs from the kitchen, there is a laundry area with walkup basement to backyard and potential for kitchenette, exercise area or pool table plus fantastic space for a family room. Down the stairs from there you will find the utility room, storage room, 2 more bedrooms and another bathroom (that will need some work). Backyard is partially fenced and features a concrete parking pad (and space for future garage). This home will be sold "as is, where is" which gives you so much potential to build some future equity here!
